<b>Hardware box quantity</b>	
<b>Recycle return number*</b>	

**\*Call Customer Service to obtain. For Array installation waste, ask to speak to the Array Team.**

### Information:

1. Woven Image will take back all uncontaminated Woven Image product, including Array acoustic ceiling system installation packaging and off-cuts, material disassembled from ceilings, wall systems, and commercial furniture. This also includes off-cuts.
2. 'Uncontaminated' refers to end of life or residual (off-cuts and used) textiles and materials where there is nothing on or stuck to the product to make it impure or 'contaminated' in the recycling process. Examples of potential recycling contaminants generally include adhesives, toxic substances, finishes, coatings and any other additive or material that compromises the recycling of our products.
3. With the exception of Array Acoustic Ceiling System projects or unless otherwise negotiated, the customer is responsible for freighting the product to Woven Image at the specified address above.
4. Product must be boxed, baled or bundled. They are to be correctly sorted into Wools or Polyesters (for textiles), or acoustic finishing products with this return form attached.
5. For additional information please contact 1800 888 650 or email [customer.service@wovenimage.com](mailto:customer.service@wovenimage.com).
